

**Y-TYPE STRAINERS, TANK, CHECK and EXCESS FLOW VALVES**

**SECTION C**  
**Y-TYPE STRAINERS, TANK, CHECK and EXCESS FLOW VALVES**

**Squibb Tank Valves**

These valves can be used on LP-Gas or NH<sub>3</sub> service.  
 NOTE: An "E" in the part number designates an excess flow valve. An "R" in the part number designates a relief valve.

**"Y" Type Strainers**

Y-Type Strainers are used to filter out rocks, rust, dirt and other particles common to LP-Gas. These Ductile Iron Strainers are available in standard pipe sizes with threaded blow-offs. All strainers come standard with 40 mesh stainless steel screens for maximum protection of equipment. Other mesh sizes are available.
