Liqua-Tech LP-Gas Flowmeter, 3-18GPM

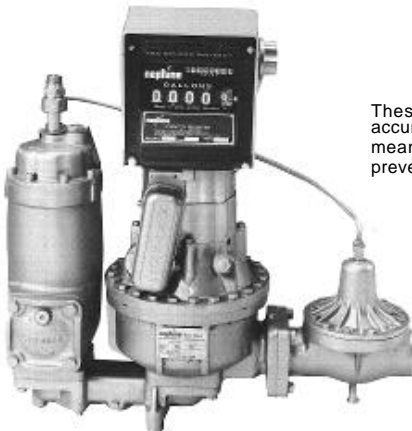

Liqua-Tech now offers the LPM100 LP-Gas liquid flowmeter. Designed for retail sales dispensing units, the LPM100 offers the widest flow range, (3-18gpm) available in a meter of this type. In addition, the LPM100 contains all required accessories including vapor eliminator, strainer and differential valve.

The LPM100 is completely compatible with the Neptune Type 4D 3/4" flowmeter; both its external dimensions and its internal parts.

DESCRIPTION	SIZE	PART NUMBER	LIST PRICES
