

GAS COCKS and FLEXIBLE CONNECTORS

**SECTION G
GAS COCKS and FLEXIBLE CONNECTORS**

Female Pipex Female Pipe

Jomar System-3 Blue Cap, manual ball valve.

A 1/8" NPT side tap allows a manometer to be inserted into the valve to test line pressure, eliminating the test stand and the labor to install it.

The handle can be reversed into a lock position. Combined with the tamper proof screw, the possibility of an unauthorized use is sharply reduced.

DESCRIPTION	VALVE RATING	MAX. RATED FOR PROPANE	PART NUMBER	LIST PRICES
1/2" Blue Cap	150 wsp/600 wog	600 psig	GC303	9.98
