TORCHES**

Plumbing Torches

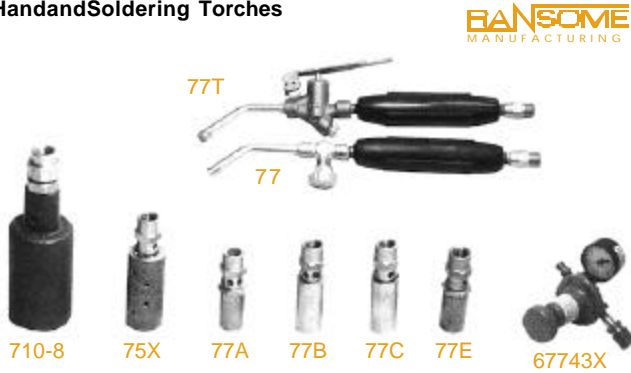

These lightweight hand torches can handle a variety of jobs in plumbers shops, sheet metal shops, machine shops, etc. They are used for thawing, melting, heating, drying and many other applications. Plumbers have used these torches for sweating large size steam line fittings.

DESCRIPTION	MODEL NUMBER	LIST PRICES
Plumbing Torch, less head	TV-2	53.76
Plumbing Trigger Torch, less head	TV-2T	118.00

BURNER BTU CAPACITIES						MODEL NUMBER	LIST PRICES
1LB.	2-1/2LB.	5LB.	10LB.	20LB.	30LB.		
21,000	33,200	46,700	67,600	93,400	114,400	TH-RHT	94.54
6,500	10,200	14,500	20,900	29,500	35,600	TH-81	41.82
6,500	10,200	14,500	20,900	29,500	35,600	TH-710	51.40

Hand and Soldering Torches

The 77 and 77T hand torches are designed for direct flame soldering, light brazing, lead wiping and electrical work. They are lightweight, easy to use and favored by electricians, automobile mechanics, plumbers, sheet metal workers, etc. All torches are shipped for use with LP-Gas only. A Fisher 67743 high pressure regulator is required for use with this torch.

Ordering:

For ordering assembled units, combine torch number dash head number. (e.g. 2-RHT, 77-75X, V9-V9B)

DESCRIPTION	MODEL NUMBER	LIST PRICES
Hand Torch, less head	TV-77	44.28
Trigger Torch, less head	TV-77T	122.00

BURNER BTU CAPACITIES						MODEL NUMBER	LIST PRICES
1LB.	2-1/2LB.	5LB.	10LB.	20LB.	30LB.		
6,500	10,200	14,500	20,900	29,500	35,600	TH-710-8	45.14
2,000	3,500	5,000	6,900	10,000	11,500	TH-75X	45.14
170	290	410	580	820	1,000	TH-77A	38.78
390	660	925	1,320	1,850	2,280	TH-77B	48.82
2,000	3,500	5,000	6,900	10,000	11,500	TH-77C	48.07
700	1,200	1,600	2,300	3,200	4,000	TH-77E	38.78

- 77A: 4" flame, soldering, electrical work and copper tubing.
- 77B: 6" flame, soldering heavy wires and copper tubing.
- 77C: 8" flame, broad and soft. Lead conduit work and wiping.
- 77E: 4" flame, similar to 77A but larger capacity for steam line fittings.
- 75X: 4" flame, preheating and heavy soldering applications.
- 710-8: 4" flame, widest flame head, for large area heating.

Paint Burning Torches

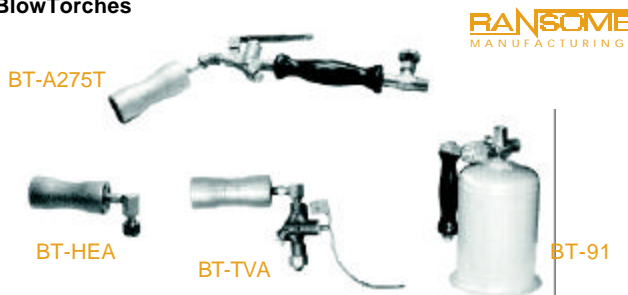

The V9B paint burning torch can be used for all general paint removal purposes. It is lightweight and efficient with its high intensity heat allowing quick raising of paint without scorching.

All torches are shipped for use with LP-Gas. For manufactured gas, state the type of gas, BTU quality and specific gravity.

DESCRIPTION	MODEL NUMBER	LIST PRICES
Paint Burning Torch, less head	TV-V9	46.38
Paint Burning Trigger Torch, less head	TV-V9T	112.00

BURNER BTU CAPACITIES						MODEL NUMBER	LIST PRICES
1LB.	2-1/2LB.	5LB.	10LB.	20LB.	30LB.		
4,550	7,000	10,000	14,200	20,100	24,600	TH-V9B	58.78
4,550	7,000	10,000	14,200	20,100	24,600	TH-V9BS	112.00

Blow Torches

These torches are used for spot heating, burning, sterilizing, heating and removing asphalt tile, melting, repair work, maintenance work and many other applications.

All torches are shipped for use with LP-Gas. For manufactured gas, state the type of gas, BTU quality and specific gravity.
