Hoss Products

Tank Hoss is a new solution to an old problem.

Tank Hoss

Post Hoss

A safe and reliable portable roller stand, designed with telescopic runners and lock pins to safely secure it in place and prevent the stand from tipping over.

Tank Hoss features tough steel ridged construction with quality steel casters.

It is designed to hold tanks from 100 to 1150 gallons.

Designed for easy assembly and disassembly for mobility.

Capacity up to 2000 lbs.

Rotate any propane tank upside-down for safe tank maintenance.

May be used for painting and tank evacuation.

The Post Hoss is a crash post lay out tool.
